Bellingrath Show

We had a nice time at Bellingrath Gardens for the Flower Show. It is such an easy show to set-up and tear down. We got there around nine-ish and the show started at 10:00 A.M. We were out of there by 3:15 P.M. It was great opportunity to display our trees to the public and work on some trees to prep them for the coming growing season. So thanks to Laurence LeClair and John Lee for their help, time and trees.

Snow Covered Trident Maple

It makes me feel ten degrees cooler just looking at it.

For this months Bonsai Info I am inserting a PowerPoint presentation based on an article by Laurence LeClaire into the email.
